

**Outright Purchase**

Purchase of an Intellibot robotic floor cleaner includes installation, operator training and complete service support for one year. Terms: 20 days from invoice date. Satisfaction Assurance Program is included.

**Leasing Options**

In today's interest rate environment, you can acquire an Intellibot floor cleaner on a 60-month lease with payments of just \$750 to \$800 a month. When you factor in the savings on monthly labor costs, you'll realize there is no reason to delay putting an Intellibot machine on your floor care team. All leasing options include our Satisfaction Assurance Program.

**Capital Lease** (\$1.00 Purchase Option) - If your goal is to own the equipment at the end of the lease, a Capital Lease allows you to borrow funds to acquire one or more units as an asset that you can begin to depreciate immediately. The lease is reflected on your balance sheet, allowing you to expense the interest on the debt.

**Operating Lease** - An Operating Lease is a good choice if you don't want to own your Intellibot unit now but would like the option, at the end of the lease, of either purchasing the floor cleaner or renewing the lease at fair market value. The equipment is not reflected on your balance sheet. Payments are simply recorded as expense items on your income statement.

**Master Lease** - If you anticipate purchasing additional Intellibot equipment from time to time, consider a Master Lease, which works like a line of credit. Unlike a lease contract for a single unit transaction, a Master Lease applies the original lease contract terms and conditions to all subsequent acquisitions.

**Government Leasing** - Municipal and federal agencies are eligible for special leasing terms so that they may acquire needed equipment to meet the demand for better performance and greater efficiency. Intellibot works with an expert in government leasing programs to make these lease products available to you.

**Other Flexible Options** - If you need flexibility in the timing or amount of your lease payments, we can arrange for a Skip-Payment Lease, a Step-up or Step-down Lease or a Sales-Leaseback arrangement.

**Rental Purchase Program**

Intellibot makes it easy to transition from your manually controlled floor cleaning methods to Intellibot's robotic floor cleaners. Our Rental Purchase Program allows you to rent a revolutionary Intellibot floor cleaner for up to six months. With a minimal investment you can discover how Intelligent Floor Care can cut your labor costs up to 85%. After six months you may purchase the machine or, if you are not 100% satisfied, you may return the machine to Intellibot.

**Satisfaction Assurance Program**

Intellibot invites you to switch from manually controlled floor cleaning to Intellibot's robotic machines worry free. Our Satisfaction Assurance Program guarantees that you will be 100% satisfied with our revolutionary intelligent floor cleaners. If, at the end of the 90 day period, you do not achieve the expected productivity gains, you may return the machine to Intellibot. This program is offered with each purchase or lease of an Intellibot robotic floor cleaner.
